PROFESSIONAL EXPERIENCE

FIVERR | Kadi, India *Freelance Frontend Developer* | 08/2023 – Present

- Design and develop custom, responsive websites for global clients using **HTML/CSS** and **Tailwind CSS**, ensuring 100% mobile compatibility.
- Translate complex **UI/UX designs from Figma** into high-quality code with a focus on pixel-perfect implementation.
- Maintain and update client web applications, improving load times and SEO performance through clean code practices.

MAXGEN TECHNOLOGIES | Ahmedabad, India *Frontend Web Developer Intern* | 01/2023 – 06/2023

- Collaborated with senior developers to build interactive user interfaces for web applications using **JavaScript**.
- Implemented **responsive design** techniques that increased mobile user engagement by optimizing site layouts for various screen sizes.
- Redesigned legacy site modules to enhance navigation flow and visual appeal, resulting in a more intuitive user journey.

PROJECTS

Foodie – Online Food Ordering Platform

- Developed a full-featured frontend for a food delivery application focusing on a streamlined checkout process.
- Optimized frontend performance by reducing image sizes and minifying scripts, leading to faster initial load times.
- Solved complex layout challenges using **CSS Grid and Flexbox** to ensure a consistent experience across browsers.
